Objective

To leverage my expertise in HTML, CSS, JavaScript, and modern frontend frameworks like React.js and Next.js to create visually appealing and responsive user interfaces. I aim to contribute to a dynamic team where I can apply my skills in user experience design and accessibility to build seamless web applications.

Experience

- Suyotech Engineering Solutions Pv. Ltd. Kolhapur** February 2024 -
Front-end Developer
Currently, I am working on developing and maintaining web applications using React and Material UI, ensuring high-quality user interfaces and exceptional user experiences.
I am also focused on building trading apps and algorithmic trading systems, creating intuitive and performant interfaces for traders, as well as developing websites with a focus on responsive design and accessibility.
- Akron Systems, Kolhapur** 05-06-2023 - 05-10-2023
Frontend Developer Intern
Worked as a frontend developer, Developed and maintained web applications using React and Typescript, ensuring high-quality user interfaces and exceptional user experiences.

Utilized modern web development tools and frameworks to enhance project efficiency and maintain code quality.
- PHN Technology Pvt Ltd, Pune** April 2023 - June 2023
Web Developer Intern
Working as a frontend developer, Developed and maintained web applications using React and Material UI, ensuring high-quality user interfaces and exceptional user experiences.
